

Reducing Homelessness Using a Rapid Re-housing Approach

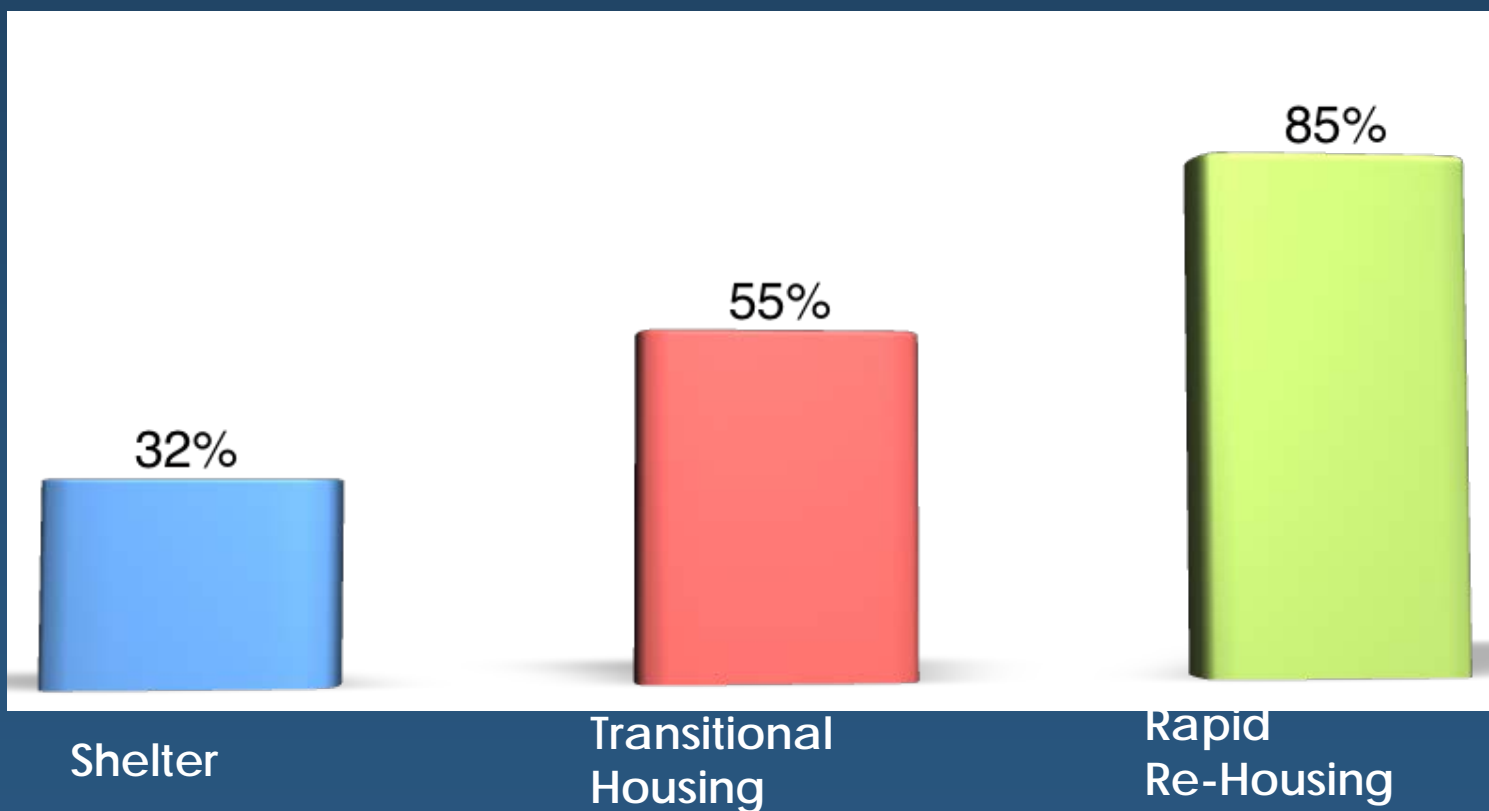

Outcomes, Community Examples, and Evaluation

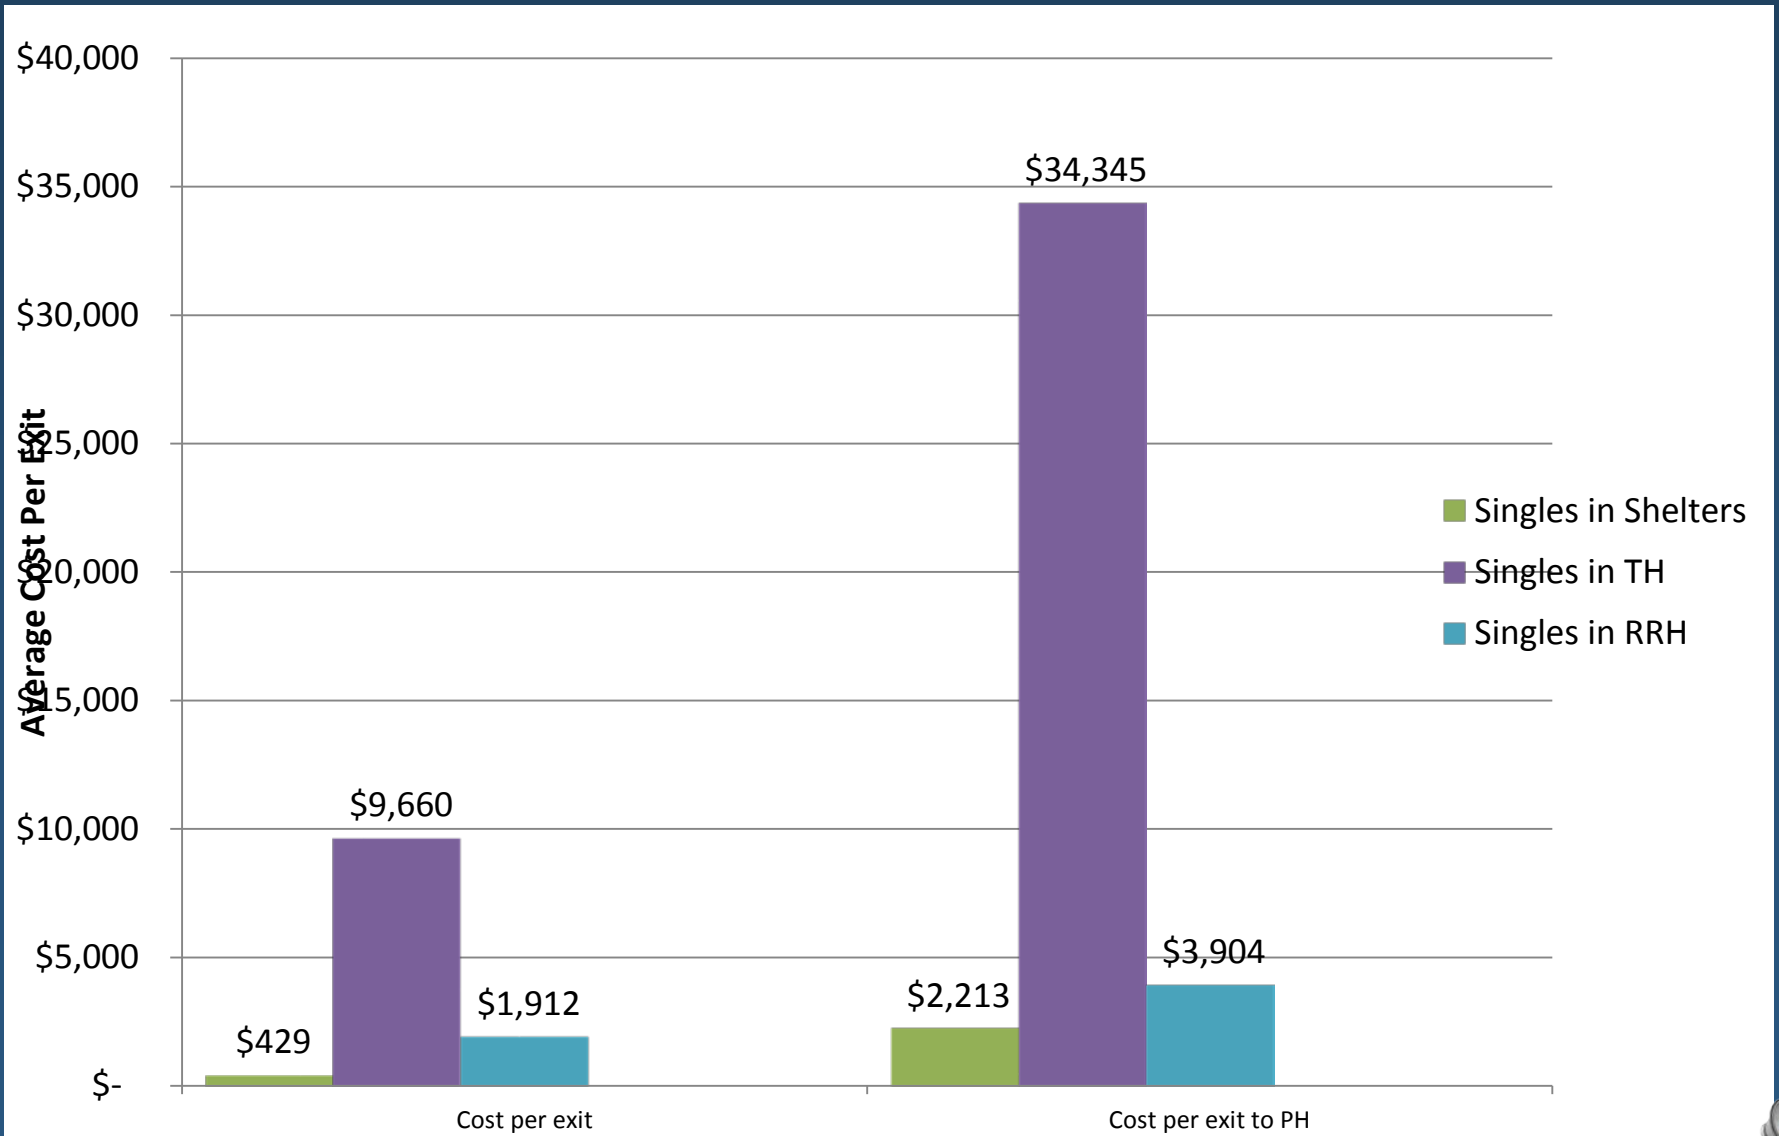

Percent of Exits that are to Permanent Housing for Single Adults in 14 Communities

Percent of Exits that are to Permanent Housing for Persons in Families with Children in 14 Communities

Rapid Re-housing: Cost Effective

Rapid Re-housing: High Rate of Exits to PH

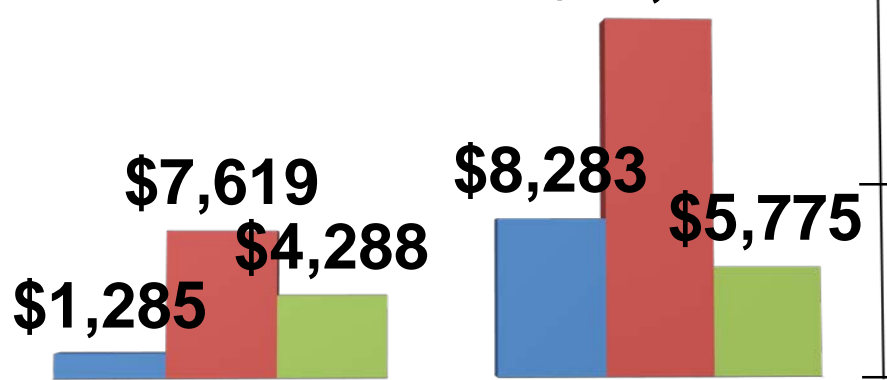

PERFORMANCE PURCHASED – FAMILIES

| | | | |
|----------------------|--|----------------------------------|---------------------|
| EMERGENCY SHELTER | \$7,348 per exit to permanent housing | 30% exiting to permanent housing | 11% recidivism rate |
| TRANSITIONAL HOUSING | \$29,379 per exit to permanent housing | 71% exiting to permanent housing | 2% recidivism rate |
| RAPID RE-HOUSING | \$5,262 per exit to permanent housing | 89% exiting to permanent housing | 2% recidivism rate |

Average Cost Per Exit for Single Adults in 14 Communities

■ Shelter ■ Transitional ■ Rapid Rehousing

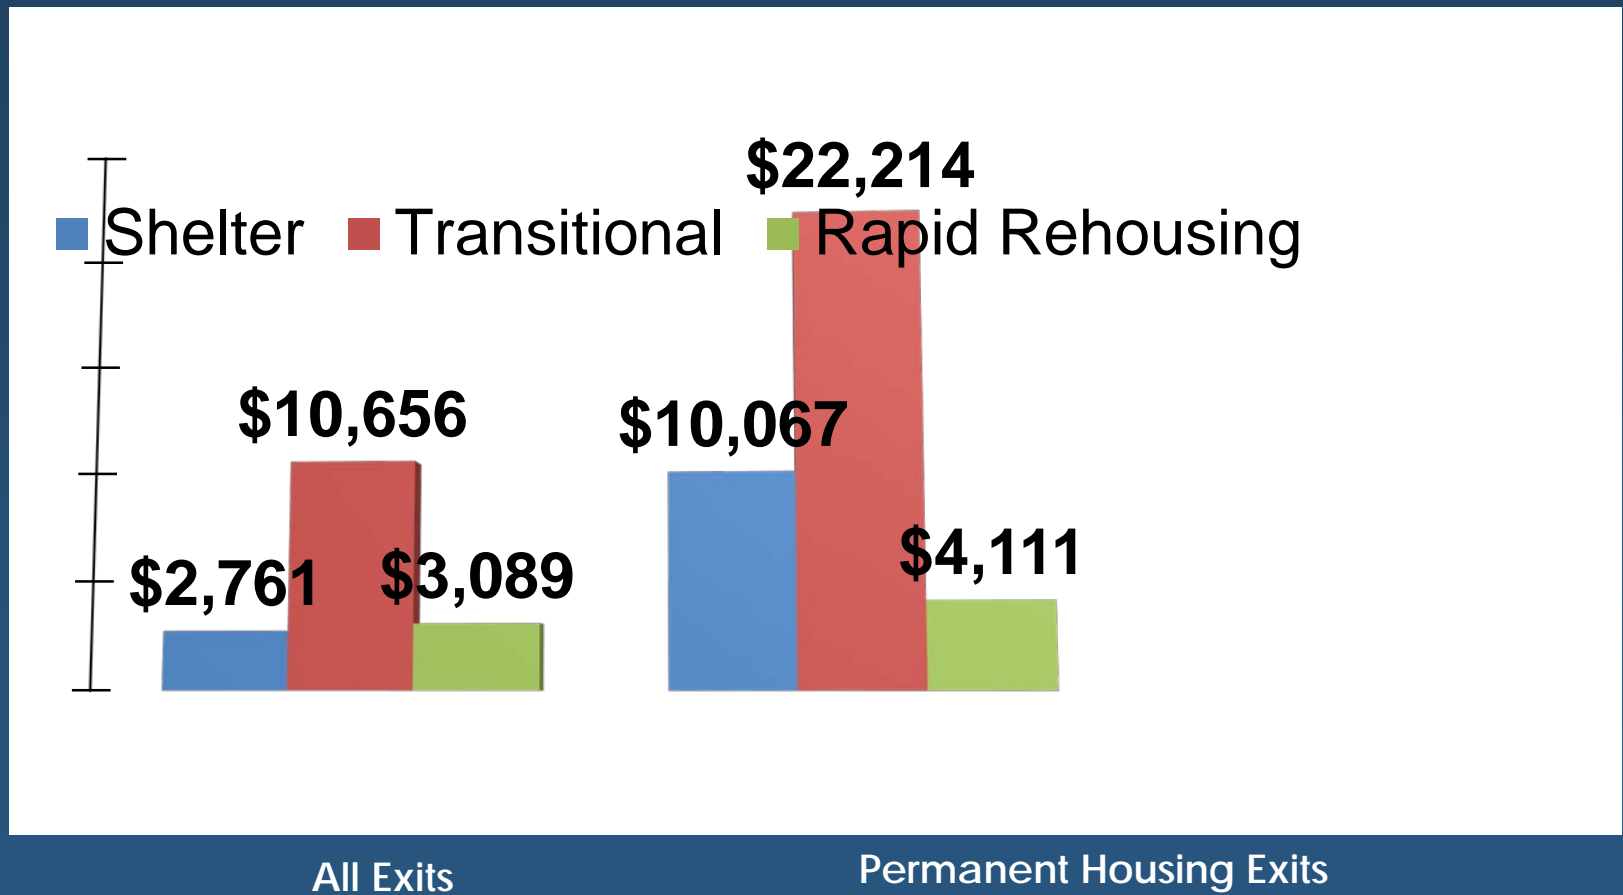

All Exits

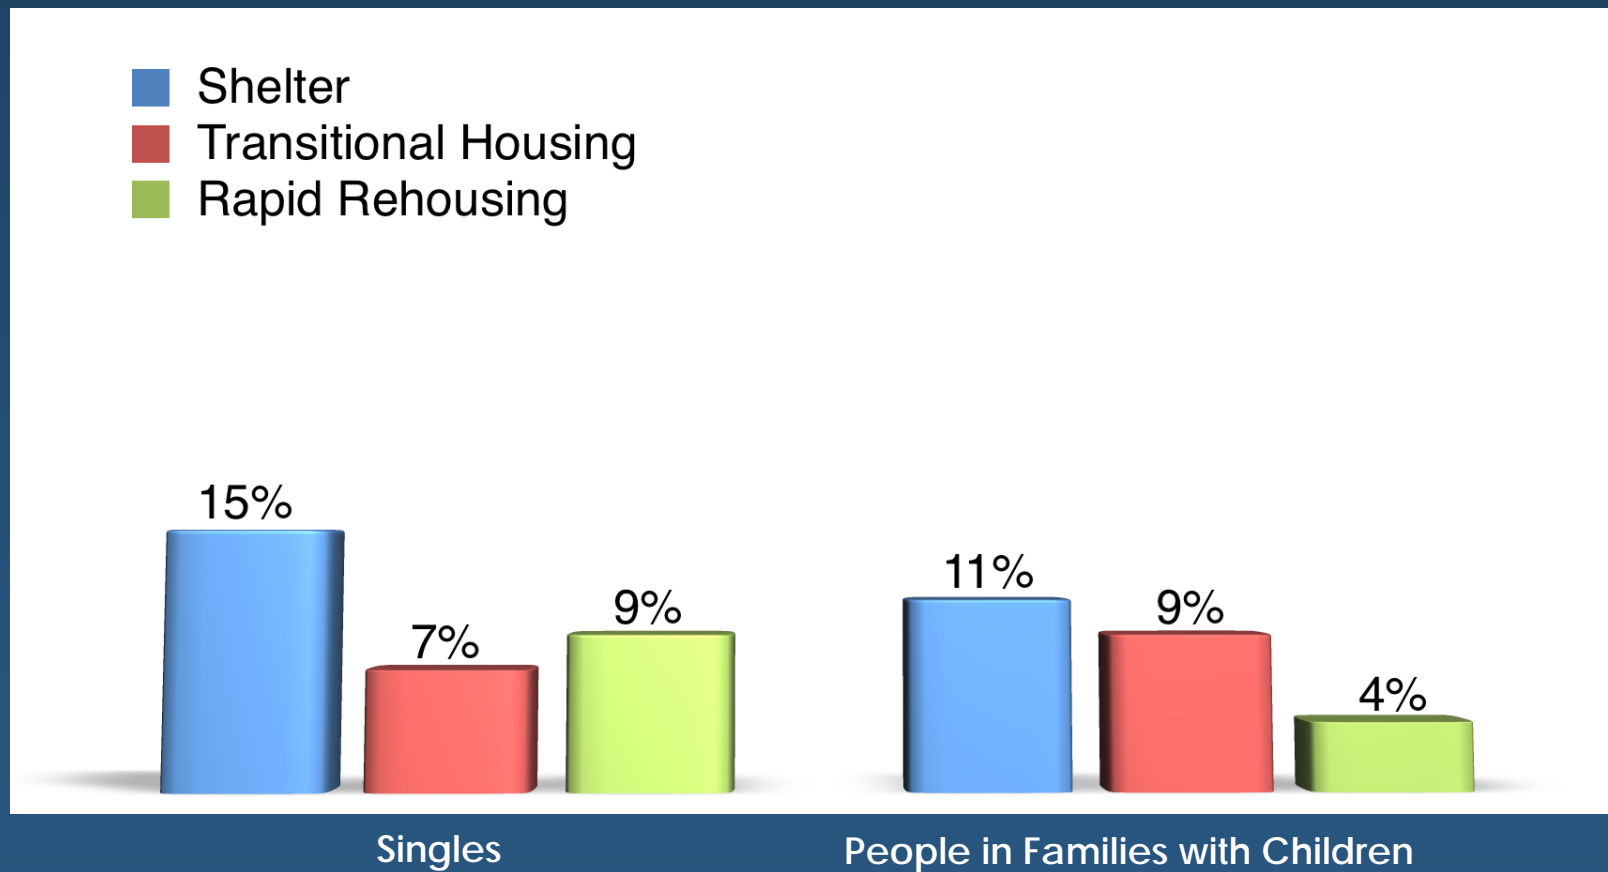

Permanent Housing Exits

Average Cost Per Exit for Families with Children in 14 Communities

Rate of Return to Homelessness Within 12 Months of Exit for 7 Communities

Community Example

A Community of Hope (Washington, DC)

Of 27 families that received rapid re-housing services and then exited:

- 78% had subsidies for 12 months or less
- Average 10 months of case management
- Between April 2010 and July 2011, 0 re-entered shelter

Community Example

Hennepin County/Minneapolis, MN

- Target families with moderate to severe housing barriers
- Families assessed within a week
- Case managers do housing, criminal, and credit checks
- 91% of families did not return to shelter in a year
- 85% of families did not return to shelter after two years

Community Example

Salt Lake City/County, UT

- Served 627 families between October 2009 and May 2011
- Target families in shelter or living on the streets
- Shelters shifted toward rapid re-housing focus
- Used TANF, HPRP, State, and County funds for program
- Only 8% of families served returned to shelter

Program Design: Evaluation

- How quickly are households moving into housing?
- How many households remain in their housing for a year after moving in and 6 months after assistance ends?
- How many households are returning to shelter?

Thank You!
