Accuracy

Uniqueness

Integrity

Completeness

Consistency

# Data Quality

**Timeliness**

**Availability  
of  
information  
when  
needed.**

**Completeness**

Data represents  
the truth of the  
situation.

**Consistency**

Data is  
consistent  
throughout.

**Accuracy**

Information and  
correct  
reflection of the  
PIT count.

**Uniqueness**

Deduplication of  
data records.

# Data Quality

## Accuracy

**Information  
and correct  
reflection of  
the PIT  
count.**

## Consistency

**Data is  
consistent  
throughout.**

## Timeliness

**Availability of  
information  
when needed.**

## Uniqueness

**Deduplication of  
data records.**

## Integrity

**Data follows a  
specific format  
or relevant  
rules.**

# Data Quality

**Uniqueness**  
**Deduplication of data records.**

## **Timeliness**

**Availability of information when needed.**

## **Accuracy**

**Information and correct reflection of the PIT count.**

## **Integrity**

**Data follows a specific format or relevant rules.**

## **Completeness**

**Data represents the truth of the situation.**

# Data Quality

## Integrity

**Data follows  
a specific  
format or  
relevant  
rules.**

## Accuracy

**Information  
and correct  
reflection of  
the PIT count.**
