KANSAS

National Alliance to End Homelessness

The economy just doesn't work for a rapidly-growing number of Americans across urban, suburban, and rural communities alike. **Wages that do not keep up with the cost of living, a shortage of affordable housing, a broken healthcare system, and a weak social safety net force people out of their homes and into homelessness** every single week.

5,250 people enter homelessness each year in Kansas.

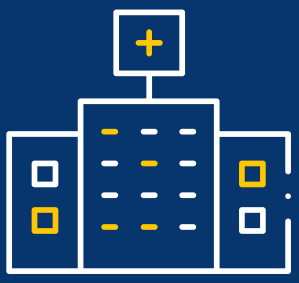
WITHIN **KANSAS:**

There are only **39** affordable rental homes for every 100 extremely low-income renter households.

Minimum wage earners must work **115** hours weekly to afford a two-bedroom rental home.

There are **358,000** people with unmet substance use treatment needs.

Mental health provider capacity meets only **18.7%** of estimated community need.



Homelessness response systems are stuck between a rock and a hard place. They have become the default safety net for every other system's shortcomings — and they're being stretched beyond their limits.

2,065 people move into permanent housing each year in Kansas.

WITHIN **KANSAS:**

Emergency shelter capacity can only serve **57%** of individual adults experiencing homelessness.

Available permanent housing can serve only **7%** of people experiencing homelessness.
